# Chairman & CE's Report

**Humphry Rolleston**  
Chair

**Amy Carter**  
Chief Executive

The year ending June 2019 has been a significant year for Christchurch Foundation.

Our endowment programme began in July 2018 with our first agreement being signed by an anonymous donor. A second endowment was secured, in close succession. Endowments are the core business of any Community Foundation. We were thrilled to get this work underway prior to publicly launching.

# Chairman & CE's Report

**Humphry Rolleston**  
Chair

**Amy Carter**  
Chief Executive

September 2018 was a milestone month as the Foundation began public activities with the launch of the Women's Fund at Kate Sheppard's House. Ōtautahi/Christchurch has a proud history of leading social change. As such, it was logical for us to look to support women and girls making positive change in our communities. The date was especially significant as it marked 125 years since women received the right to vote.

In September our first KPMG Thinker in Residence, Hila Oren, spent three weeks voluntarily working in our city. Hila had a constructive impact on our city. The new positioning of our city, as the city of exploration, came from Hila's work while she was here. More about this programme can be found later in this document.

Securing \$2.5M in operational funding for Tūranga was the first pass through gift for The Foundation to facilitate. Tūranga's opening in October was a fantastic opportunity to celebrate the generosity of TSB, Spark and Southbase.

Late in 2018 work began on our offshore activities. The process to establish a UK registered charity started, and our UK trustees were appointed in May 2019.

# Chairman & CE's Report Continued

---

March 15 is etched in all our memories. One of the primary reasons The Christchurch Foundation was established was to respond in times of disaster. None of us dreamt that we would be called upon so soon to fulfill this role. Within hours of the attacks the Mayor and the Prime Minister asked us to act on their behalf to collect funds for the Victims. The Our People, Our City Fund was launched on March 16th.

For the remainder of the year we have worked hard to make it easier for generous people, businesses and countries from around the world to support those impacted by the attacks. Within weeks we had received over 18,000 gifts and by the end of 2019 FY we had \$11m in pledged and received funds. Additional information about our response can be found on our website.

Our People, Our City has taken almost all our limited resources. We have relied heavily on the support of generous businesses and individuals who have gifted their time and expertise. Special thanks must go to Pip Joker, Eleanor Cater, Stacey Scott, Westpac, SPARK, Qrious, Blackbaud and KPMG.

In June Meridian Energy joined our whanau as a City Partner. Our collaboration has a focus on a stronger, greener Christchurch. The partnership will see us working on sustainability and energy initiatives to benefit the city and

its residents. It is a long-term commitment to making Christchurch a leader in climate action and an even stronger community. We are looking forward to announcing projects under this partnership next year.

Julia Rose and Kim Elder joined The Christchurch Foundation as permanent employees in June. We are thrilled to have them on board.

In addition to the activities listed above we continue to work as advocates for the not-for-profit sector, as well as providing advice and practical support to this critical part of our community. We have been thrilled to have been able to link donors such as Brannigans to worthy causes within Ōtautahi, Christchurch.

As we look to next year, we know that collection of the remaining pledges and distribution of the Our People, Our City Fund will be a significant focus for us. While challenging, providing support for the victims of March 15 has been a huge honour for the Foundation.

In addition to our disaster response we have several exciting initiatives underway with our partners and donors. We have no doubt that our positive impact on Christchurch will continue to grow in 2020 FY.

# Thinker in Residence Hila Oren

The Thinker in Residence was developed specifically for KPMG and is loosely based on a similar successful programme run in Adelaide. It is an annual programme, funded by KPMG, as a gift for the city and its residents. It is designed to expose our city to the world's best, to build the global reach of the city and its leaders, and to inspire.

2018 was the first year the programme ran and Hila Oren was our inaugural Thinker in Residence. Hila is a global leader in creating a city's narrative, supporting entrepreneurialism and philanthropy. She gifted her time to Ōtautahi Christchurch and spent over three weeks

working with many charities, companies and agencies within the city, as well as speaking at a number of events.

Since her time here in September 2018, Hila has become a global ambassador for our city. She is constantly advocating for Christchurch, sharing our story and inviting our city to be involved in global discussions and events. Hila remains in regular touch with The Christchurch Foundation and cannot wait to return and spend more time in our city.

We would like to acknowledge the generous support of The Commodore Hotel and Research First who also contributed to the programme.

# Achieve your dreams for our city.

Year ended 30 June 2019

Christchurch Deputy Mayor, Andrew Turner, is  
“Giving while Living”

One of the best ways you can support our city is to join our “giving while living” programme. It’s an alternative way to donate rather than leaving a gift in your will and is a style of philanthropy that suits some of our donors more. The Deputy Mayor of Christchurch, Andrew Turner set up his own Fund this year which will achieve his personal passions for the city.

## Christchurch Deputy Mayor, Andrew Turner, is “Giving while Living” Continued

---

I wanted to be involved with the Foundation both as a trustee, and as a donor because the idea of a community foundation immediately resonated with me. The Christchurch Foundation is local with strong community connections, which means we can create real change in line with community aspirations and the wishes of donors. I felt we could achieve so much more in our city through a coordinated giving approach.

Investing in a community foundation means your giving goes further than a one-off gift. Donations are invested so that they can grow and become a reliable long-term funding stream for local causes. It's the interest that your giving earns that will be distributed to local causes; the gift itself remains protected so it can continue to benefit your chosen causes well into the future.

The foundation is also working with the experts at JBWere and KPMG to ensure that the fund is invested and grows so that it can achieve significantly more than if it were invested in a personal bank account.

I chose to start adding to my fund now because it makes sense not to wait 50 years before having an impact. The benefit of giving while living is that it's immediate and so donors like me get to see what changes they're responsible for enabling.

You have total control; you can choose the name of your fund and which charities or causes will benefit from your fund's income. I'm personally committed to community development, the environment, arts and culture, local economic development and social equity. My partner and I are long time passionate advocates for the arts and heritage, especially in Christchurch and on Banks Peninsula.

As Christchurch regenerates, and having lost so much, it's increasingly our heritage and taonga that define us. That contributes to our own personal sense of belonging and identity, and that anchor us to our communities and to our city. Heritage connects us: to this place, to each other, to the past and to those who will follow us.

The devastating environmental, social and cultural impact of the Canterbury earthquakes has changed the region forever and will always be a part of our story. But now we have an opportunity to treasure and celebrate what we have left and to explore, nurture and support that which we can recreate. It's my hope that our fund will contribute to this special work.

---

The Christchurch Foundation  
Financial Statements for the year ending 30 June 2019

## Notes to the financial statements

### Note 1 Reporting entity

The Christchurch Foundation (the 'Foundation') is a legal form of public benefit (not-for profit) entity, domiciled in New Zealand and registered under the Charities Act 2005. The financial statements have been prepared in accordance with the requirements of that Act.

For the purposes of financial reporting, the Foundation is a public benefit entity (not-for-profit).

The Foundation's main operation is to raise and receive money to be applied for exclusively charitable purposes that benefit the Christchurch community.

### Note 2 Basis of preparation

#### (a) Statement of compliance

The financial statements have been prepared in accordance with and comply with New Zealand Generally Accepted Accounting practice ('NZ GAAP'). They comply with Tier 2 PBE Accounting Standards – Reduced Disclosure Regime (Not-For-Profit). The Foundation qualifies to report under Tier 2 as it has no public accountability and for the two most recent reporting periods has had less than \$30 million operating expenditure.

The financial statements were authorised for issue by the Trustees on 9 December 2019

#### (b) Basis of measurement

The financial statements have been prepared on the historical cost basis.

The financial statements are prepared on an accrual basis.

#### (c) Functional and presentation currency

The financial statements are presented in New Zealand dollars, which is the functional and reporting currency of the Foundation and all values are rounded to the nearest dollar except where indicated otherwise.

### Note 3 Significant accounting policies

The accounting policies set out below have been applied in preparing the financial statements for the period ended 30 June 2019.

#### (a) Revenue from exchange transactions

##### Interest income

Interest income is earned for the use of cash and cash equivalents or any amounts due to the Foundation.

Interest income is recognised in the statement of comprehensive revenue and expense as it is earned. Interest income is accrued using the effective interest rate method. The effective interest rate exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this rate to the principal outstanding to determine interest revenue each period.

##### Corporate events/Workshop

Revenue from services is recognised in the accounting period in which services is rendered, by reference to completion of the specific transaction.

#### (b) Revenue from non-exchange transactions

Non-exchange transactions are those where the Foundation receives value from another entity (e.g. cash or other assets) without giving approximately equal value in exchange.

Inflows of resources from non-exchange transactions, other than services in-kind, that meet the definition of an asset are recognised as an asset only when:

- It is probable that the Foundation will receive an inflow of economic benefits or service potential; and
- The fair value of can be measured reliably.

Inflows of resources from non-exchange transactions that are recognised as assets are recognised as non-exchange revenue, to the extent that a liability is not recognised in respect to the same inflow.

The Christchurch Foundation  
Financial Statements for the year ending 30 June 2019

**Note 3 Significant accounting policies (continued)**

**(b) Revenue from non-exchange transactions (continued)**

Liabilities are recognised in relation to inflows of resources from non-exchange transactions when there is a resulting present obligation as a result of the non-exchange transactions, where both:

- It is probable that an outflow of resources embodying future economic benefit or service potential will be required to settle the obligation, and
- The amount of the obligation can be estimated reliably.

The following are the specific recognition criteria in relation to the Foundation's non-exchange transactions.

*Gifts, donations and bequests*

Gifts, donations and bequests are voluntary transfers of assets including cash or other monetary assets and goods in-kind that the Foundation receives which are free from stipulations.

Gifts, donations and bequests are recognised as revenue when it is probable that the future economic benefits or service potential will flow to the entity, and the fair value of the assets can be measured reliably. For gifts and donations this is usually upon receipt of the gift or donation. However for bequests, a period of time may elapse between the death of the testator and the entity receiving any assets – in which case the entity makes an assessment of whether the deceased person's estate is sufficient to meet all claims on it and satisfy all bequests. If the will is disputed, this is taken into account in determining the probability of assets flowing to the entity. Gifts, donations and bequests are recognised as revenue at their fair value at the date of recognition.

*Sponsorship*

Sponsorship income is recognised in the period the sponsorship is stipulated for.

**(c) Property, plant & equipment**

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. Where an asset is acquired through a non-exchange transaction, its cost is measured at its fair value as at the date of acquisition.

Depreciation is charged on a diminishing value basis over the useful life of the asset. Depreciation is charged at rates calculated to allocate the cost or valuation of the asset less any estimated residual value over its remaining useful life

- Computer Equipment: 50% - 67%

Depreciation methods, useful lives and residual values are reviewed at each reporting date and are adjusted if there is a change in the expected pattern of consumption of the future economic benefits or service potential embodied in the asset.

**(d) Taxes**

The Foundation is a registered charitable organisation and is therefore exempt from income tax.

**(e) Intangibles**

All intangible assets are stated at cost less accumulated amortisation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items.

Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

**(f) Leases**

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the statement of comprehensive revenue or expense on a straight line basis over the lease term.

**(g) Goods and services tax**

The Foundation became GST registered on 1 October 2018. All amounts shown in the 2019 financial year are shown on inclusive of GST up to 30 September 2018, and exclusive of GST from 1 October 2019 (2018 financial year amounts are shown inclusive of GST).

**(h) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

**(i) Short and long-term employee benefits**

The cost of all short-term employee benefits, such as leave pay, is recognised during the period in which the employee renders the related service.

**The Christchurch Foundation**  
Financial Statements for the year ending 30 June 2019

**Note 4 Revenue from exchange transactions**

	2019	2018
	\$	\$
Corporate events	1,460	-
Interest received	24,305	89
Workshop income	1,100	-
	<b>26,865</b>	<b>89</b>

**Note 11 Contingent liabilities**

There are no contingent liabilities at year end (2018: \$Nil)

**Note 12 Operating expense commitments**

In the 2019 financial year the Foundation, in conjunction with the Rata Foundation and Maia Foundation, had commissioned the Vital Signs research from Research First totalling \$49,909. At balance date the Foundation had paid \$24,955 to Research First and received \$19,500 from the Rata Foundation and Maia Foundation. The remaining balance of \$24,954 is payable to Research First on delivery of the research in September 2019.

**Note 13 Operating lease commitments**

The Foundation leases Level 3, 101 Cashel Street, Christchurch from Christchurch NZ. The lease was signed on the 17 January 2018 with no end date. The lease is currently charged at \$1,500 per month and can be terminated with one month's notice.

The Foundation also leases a carpark from Perception PR and Marketing Limited at an agreed monthly amount of \$238 (2018: \$274). This arrangement terminated on 30 June 2019.

**Note 14 Related parties**

**Key management personnel**

The senior management group consists of the Chief Executive Officer. The total remuneration of the senior management group and the number of managers, on a full-time equivalent basis, receiving remuneration in this category are:

	2019	2018
	\$	\$
Total remuneration	214,078	126,052
Number of persons	1	1

In the 2019 financial year the Chief Executive Officer received an annual bonus, as stipulated in the employment agreement, which was resolved by the Trustees. A further \$32,584 of bonus has been accrued for, but not paid, as at 30 June 2019. This was subsequently approved in the 2020 financial year. No bonus was paid or provisioned in the 2018 financial year.

**Related party transactions**

During the year the Foundation incurred the following income and expense from Perception PR and Marketing Limited.

The Christchurch Foundation  
Financial Statements for the year ending 30 June 2019

Note 20 Equity

<b>2019</b>		
Administration funds		\$ 117,874
Endowment funds		18,874
Pass through funds		7,626,306
<b>Balance as at 30 June 2019</b>		<b>7,763,054</b>
 <b>2018</b>		
Administration funds		\$ 128,398
<b>Balance as at 30 June 2018</b>		<b>128,398</b>

Pursuant to a directive from the Community Foundations of New Zealand, the Foundation has established the following reserves during the current year:

Administration funds (accumulated surplus).

Funds held for the running of the foundation and not held for charitable distribution purposes.

Endowment funds.

Donated funds held in perpetuity or with a donor-directed pay down period of three or more years from the date the donation is made.

Pass through funds.

Funds donated with the intention that the funds be fully paid out to charitable purposes within three years of the date of the donation.

Note 21 Provision for conditional donation

On 20 June 2019 the Foundation received \$1,533,835 from an overseas donor on the condition that these funds be equally distributed to the families of the deceased victims from the Christchurch mosque shooting which occurred on 15 March 2019. These funds were fully distributed in the 2020 financial year.

## *Independent auditor's report*

To the Trustees of The Christchurch Foundation

We have audited the financial statements which comprise:

- the statement of financial position as at 30 June 2019;
- the statement of comprehensive revenue and expense for the year then ended;
- the statement of changes in equity for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

### *Our opinion*

In our opinion, the accompanying financial statements of The Christchurch Foundation (the Foundation) present fairly, in all material respects, the financial position of the Group as at 30 June 2019, its financial performance and its cash flows for the year then ended in accordance Public Benefit Entity Standards Reduced Disclosure Regime.

### *Basis for opinion*

We conducted our audit in accordance with International Standards on Auditing (New Zealand) (ISAs (NZ)) and International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Foundation in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* (PES 1) issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Other than in our capacity as auditor we have no relationship with, or interests in, the Foundation.

### *Information other than the financial statements and auditor's report*

The Trustees are responsible for the annual report. Our opinion on the financial statements does not cover the other information included in the annual report and we do not express any form of assurance conclusion on the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### *Responsibilities of the Trustees for the financial statements*

The Trustees are responsible, on behalf of the Foundation, for the preparation and fair presentation of the financial statements in accordance with Public Benefit Entity Standards Reduced Disclosure Regime, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Foundation or to cease operations, or have no realistic alternative but to do so.

### *Auditor's responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located at the External Reporting Board's website at:

<https://www.xrb.govt.nz/standards-for-assurance-practitioners/auditors-responsibilities/audit-report-8/>

This description forms part of our auditor's report.

### *Who we report to*

This report is made solely to the Trustees, as a body. Our audit work has been undertaken so that we might state those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Foundation and the Trustees, as a body, for our audit work, for this report or for the opinions we have formed.

The engagement partner on the audit resulting in this independent auditor's report is Robert Harris.

For and on behalf of:
